SIR,

SUBJECT - Opening of additional sections in the II and III year classes of the K G F High School, Robertsonpet and appointment of two additional teachers on Rs 48— per mensem each in the grade of Rs 40-4-60 for the purpose during 1946-47

I have the honour to state that the Secretary, K.G F High School, Robertsonpet while forwarding with his letter No H S 52/45-46 dated 14th May 1946 copies of the report of the Headmaster of the above school and the resolutions passed at the meetings of the Managing Committee of the above school and the local Sanitary Board held on 26th April 1946 in the matter referred to above, has requested that sanction may be obtained for the appointment of two additional teachers on an initial pay of Rs 48/- per mensem in the grade of Rs 40-4-60 and for opening two additional sections, one each of the II and III year classes of the above school with effect from the date of reopening of the school after the vacation Copies of the resolutions referred to above are submitted herewith.

It is reported that during the year 1945-46 there were four sections of the I year class and 3 each of the II and III year classes of the above school and that 165 pupils have been promoted from I year to II year class and 150 from II year class to III year class and that taking into account these and the 23 detained pupils ~~in~~

in the II year class and the number of the unselected ones in the III year class, 190 and 175 would be the strength of the II and III year classes respectively, during the year 1946-47 It is further stated that this year 450 candidates have appeared for the Middle School Examination from that place and that at least 200 candidates are likely to seek admission into the I year class of this school for whom the present number of four sections of the I year class would have to be continued In view of these facts there is need for the opening of an additional section of each of the II and III year classes of this School from the academic year 1946-47

I recommend that Government may be pleased to sanction the proposal, the cost involved on this account being met entirely from the funds of the local Sanitary Board Additional grant, if any, to which the school may become entitled on this account can be considered only in connection with the general revision of grants to Municipal High Schools.

I request the favour of early orders of Government in the matter.

I have the honour to be,
Sir,
Your most obedient servant,

DIRECTOR
